### LICENSE AGREEMENT

This document is provided for you to read prior to ordering the software and documentation, which will be delivered electronically upon receipt of order. By ordering the software and documentation, you agree to abide by the following provisions. If you choose not to agree with these provisions, then do NOT place an order for this product. Due to the electronic nature of delivery, we cannot accept returns once the product has been delivered.

- 1) License - SoftBaugh, Incorporated ("SoftBaugh"), grants you a site license to use the software program and documentation in this package ("Licensed Materials") on any number of computers by any number of users within the same physical facility. You may use the Licensed Materials on more than one computer at the same time or network the Licensed Materials.
- 2) Restrictions - You may not reverse-assemble or reverse-compile the Licensed Materials provided in object code format. You may not sublicense, transfer, assign, rent, or lease the Licensed Materials or this Agreement without written permission from SoftBaugh.
- 3) Copyright - The Licensed Materials are copyrighted. Accordingly, you may either make copies of the Licensed Materials for backup and/or archival purposes or copy the Licensed Materials to another medium and keep the original Licensed Materials for backup and/or archival purposes. You must reproduce the copyright notice on each copy or partial copy of the software.
- 4) Warranty - SoftBaugh warrants the media to be free from defects in material and workmanship and that the software will substantially conform to the related documentation for a period of ninety (90) days after the date of your purchase. SoftBaugh does not warrant that the Licensed Materials will be free from error or will meet your specific requirements.
- 5) Limitations - SoftBaugh makes no warranty or condition, either expressed or implied, including but not limited to any implied warranties of merchantability and fitness for a particular purpose, regarding the Licensed Materials. Neither SoftBaugh nor any applicable licensor will be liable for any incidental or consequential damages, including but not limited to lost profits. Because some states do not allow the exclusion or limitation of incidental or consequential damages or limitation on how long an implied warranty lasts, the above limitations or exclusions may not apply to you.
- 6) Export Control - The re-export of United States origin software and documentation is subject to the Export Administration Act of 1969 as amended. Compliance with such regulations is your responsibility.
